Costanza Laliscia

for FEI Endurance Athlete Representative

Perugia - Italy, 30 April 2018

Dear Friends,

firstly I thank you very much for taking the time to read my letter and for considering my candidacy for FEI Endurance Athlete Representative.

My name is Costanza Laliscia and I am 18 years old, that's to say I am young enough to dream a new good future for our sport and old enough to do practical actions to make it real.

I grew up with horses and endurance rides around me as my father Gianluca was an accomplished rider himself, also World Champion with the Italian Team in 2005. Inevitably my love and passion for endurance started since when I was a little child.

The special relationship I create with horses and the strong passion for my sport allowed me to reach many great agonistic results despite of my youth: 2 gold medals in the Italian Championship 2017 and 2016, 2 gold medals in the Italian Championship YJ 2015 and 2014, I had the opportunity to be in the Italian National Team 5 times, I am also the winner of the FEI Young Riders World Ranking 2016 and in occasion of the last WEG in France I was the youngest rider at the World Endurance Championship 2014!

So I am the current Italian Endurance Championship but it was my first victory at the Italian Endurance Championship for Pony to be determinant: I was just 9 years old but I was very strongminded to realize the magnitude of my sport actions and understand that horses would have been the most important part of my life.

I recently heard that girls with dreams become women with vision.

My vision of Endurance as a lifestyle will be carried out by my goal to empower this sport in all its remarkable values such as horse welfare, animal empathy, sport positivity and many others.

I want to be the voice for the endurance athletes to strength our sport and bring it to the "next level" as Endurance deserves, and I firmly believe that a combination of my strong abilities, my sweet personality and my rich equestrian experience mixed to my young age could enhance Endurance with a breath of fresh air.

I am young and I am a fighter.

I already am the Italian Champion and I hope to be also the Champion you can be proud of.

Thank you so much for all your support.

Costanza Laliscia
